OFFICE OF PETITIONS

In re Application of :
Maertens, et al. :
Application No. 09/873,224 : PATENT TERM ADJUSTMENT
Filed: June 5, 2001 :
Dkt. No.: 2752-45 :

This is a decision on the "APPLICATION FOR PATENT TERM
ADJUSTMENT PURSUANT TO 37 CFR § 1.705(b)," filed June 5, 2006.

The Determination of Patent Term Adjustment under 35 U.S.C.
154(b) in the above-identified application, mailed March 3,
2006, indicated that the patent term adjustment (PTA) to date is
303 days. The instant application for patent term adjustment was
timely filed June 5, 2006. Applicants argue the application is
entitled to an additional adjustment of 53 days and an overall
adjustment of 356 days.

Applicants herein have not disputed the PTA accorded to date
(303 days). Instead, the instant application for PTA requests
reconsideration of the PTA as it relates to the Office's failure
to issue the patent within three years of the filing date of the
application. A decision is being **held in abeyance** until after
the actual patent date. Knowledge of the actual date the patent
issues is required to calculate the amount, if any, of
additional patent term for Office failure to issue the patent
within three years. See, 37 CFR 1.703(b).

Applicants are given **TWO (2) MONTHS** from the issue date of the
patent to file a written request for reconsideration of the PTA
for Office failure to issue the patent within three years. A
copy of this decision should accompany the request. Applicants
may seek such consideration without payment of an additional
fee. However, as to all other bases for seeking reconsideration
of the PTA indicated in the patent, all requirements of 37 CFR
1.705(d) must be met. Requests for reconsideration on other
bases must be timely filed and must include payment of the
required fee.

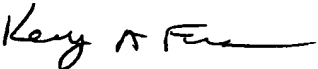

Applicants are reminded that if an application is entitled to an adjustment under 35 USC 154(b)(1)(B), the entire period during which the application was pending (except for periods excluded under 35 USC 154(b)(1)(B)(i)-(iii)), and not just the period beginning three years after the actual filing date of the application, is the period of delay under 35 USC 154(b)(1)(B) in determining whether periods of delay overlap under 35 USC 154(b)(2)(A).

Thus, any days of delay for Office issuance of the patent more than three years after the filing date of the application that overlap with the days of patent term adjustment accorded prior to the issuance of the patent will not result in any additional patent term adjustment. See, 35 USC 154(b)(1)(B), 35 USC 154(b)(2)(A), and 37 CFR § 1.703(f). See, also, *Revision of Patent Term Extension and Patent Term Adjustment Provisions; Final Rule*, 69 Fed. Reg. 21704 (April 22, 2004).

The Office acknowledges receipt of the required application fee of \$200.00. No additional fee will be required if applicants are solely requesting reconsideration of additional time related to failing to issue the patent within three years in accordance with 37 CFR 1.702(b).

This application is being forwarded to the Office of Patent Publication for processing into a patent.

Telephone inquiries specific to this matter should be directed to Petitions Attorney Alesia M. Brown at (571) 272-3205.
